The building has been painted inside, that is the walls, ceiling and windows. We are reserving the \$33.00 we received for sale of books and stove to refinish the floor in the spring. We received the gifts of very fine books from Mrs. Woolley and Mrs. Mae Allen. We expect our operating expenses will be the same as year 1958 so recommend the same amount be raised at next Town Meeting.

### **Fire Commissioners' Report**

The year of 1958 has past and the unknown year of 1959 is ahead of us. The Commissioners and Chief of the Danbury Volunteer Fire Department wish to take the opportunity at this time to extend our sincere thanks to the Officers, Members and all Committees that served to help support and maintain the Fire Department during the year 1958.

We also wish to take the opportunity at this time to extend our sincere thanks and appreciation to the taxpayers of the town of Danbury for their very loyal support this past year in voting our request for the total sum of One Thousand Dollars (\$1,000.00). Five Hundred Dollars (\$500.00) was used for the purchase of new 2½" hose and Five Hundred Dollars (\$500.00) for operating expenses. If you refer to the Fire Department Treasurer's report you will notice that we purchased a used 2-speed rear end for \$50.00, booster brake for \$21.85, and other necessary parts to go with the rear end totaling \$25.36. These parts were installed into the Ford Tank Truck, the first truck to roll out to a call, thus enabling it to carry the load much easier going to and from a fire. The labor for repairing the truck was donated by the boys in the department thus saving us considerable money and to whom we owe many thanks.

This year we are again putting an article in the Warrant requesting the sum of One Thousand Dollars (\$1,000.00), Five Hundred Dollars (\$500.00) for hose and Five Hundred Dollars (\$500.00) for operating expenses. This is the third and final year for this request and will bring our complement of 2½" hose to 1,200 feet which we feel is quite necessary to maintain in case of a fire where we will have a long stretch to the water supply.

We appreciate your kindness and support in the past and we will appreciate your kind consideration on this Article for this coming year.

Thanking you again for your loyal support and don't forget in case of fire — Call Porter 8-2513 and Porter 8-2571.

## Report of Forest Fire Warden

### You Can Help Prevent Forest Fires

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazared of burning yourself. It will be easier for you — personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

**Save yourself much possible difficulty. Use your town dump.**

No. of local fires - 0      No. of acres burned - 0

No. of permits issued - 36
